

August 2019

Dear Friends to
YOUTH in Recovery,

“Walking the road of recovery together.”

Serving Monterey and San Benito Counties for 27 years, Valley Health Associates offers intervention, prevention, and treatment services for those suffering from opioid, alcohol, and other substance use disorders. Through Medication Assisted Treatment (MAT), Valley Health Associates offers an individualized and evidence-based approach provided in a safe, caring, and supportive environment. Our main focus is to promote recovery and wellness through healthy and productive lifestyles changes while using a whole-person approach to care.

As I’m sure you have heard in the national and world news, the opioid crisis is at epidemic proportions! **Have you wondered how you can help?**

Valley Health Associates is announcing our grand opening of a much needed Youth Outpatient Program right here in Monterey County, AND **we need YOUR support to ensure its success!** This is **THE FIRST** Outpatient Drug Treatment Program for YOUTH (12-17 years of age) and transitional YOUTH (18-24 years of age) in Salinas.

It is because of donors and supporters LIKE YOU that the launch of the Youth Outpatient Program at Valley Health Associates will be successful! **Would you consider providing** an auction item, donating cash or an in-kind service, and/or sponsoring a table of eight as we host our very first community fundraiser on Thursday, October 17th, 2019.

All our donors will receive recognition in the event program and live at the event as well as within our website. This is not only a marketing opportunity for your company but you will be making a tremendous difference for our youth and our community!

Please complete the attached form or contact us with your commitment.

Thank you for your generous support,

David Ciolino, Event Chair
